

Keerti Rao

University of Houston Central Campus, Graduating Spring 2022,
GPA: 3.93

We are very pleased to announce Keerti Rao as the first **FEI-Ted Bauer Undergraduate Business Scholar** ("FEI-TBUBS") recipient. The C.T. Bauer Foundation has awarded the FEI Houston Chapter with the distinct honor of administering a dedicated annual scholarship to a University of Houston (Central) student with a two (2) year tuition award in the amount of \$28, 000. Keerti Rao personifies the attributes of academic excellence, studiousness along with a high desire for personal achievement.

Born in a small village on the outskirts of New Delhi, Keerti, as a toddler, along with her family, moved to the United States in 2002. Wasting no time at all, Keerti's mother pursued two master's degrees in education. Obviously inheriting her mother's ambition, Keerti, has already set her sights on pursuing her MBA upon graduating after gaining some experience in finance or commercial banking.

Aside from finding time between her schoolwork, maintaining her position on the Dean's List, serving on the Bauer Honors Student Advisory Board and volunteering, has recently been accepted into the Ted Bauer Leadership Development Program.

Keerti graduates in May 2022 and we look forward to having the FEI Houston Chapter members welcome her to various Chapter meetings and functions. Our first ever FEI Ted Bauer Undergraduate Business Scholar not only has wonderful aspirations, she has a sparkling personality and a great passion for the Finance and Accounting profession. We could not ask for a better FEI and University of Houston representative!
